

INTRODUCING THE ALL NEW

Berkel

Mini Vacuum Packer

"The quality of a professional slicing experience."

Food as fresh as the second they were prepared

Introducing our Home Line Mini Vacuum Packer

Minivac is Berkel's latest creation. A compact essential vacuum packing machine for home use. Minivac is Vacuum's little sister and features an appealing contemporary design. It's easy to use and pleasing to the eye. Something to always keep at hand and not hidden in the cupboard! Designed to provide the highest performance in minimum space (39 cm width, 15 cm depth, and 8 cm thickness). After use, you can store it anywhere, even vertically. Its distinctive Berkel red ABS frame protects the surface from scratches.

PERFORMANCE

- Suitable for significantly increasing food storage times, limiting waste or for sous vide cooking at low temperatures
- Sealing Bar 300mm
- Fully automatic or manual cycle
- Manual sealing function in bags even with delicate, crunchy or moist foods

- Cycle for creating vacuum in containers
- Anti-slip feet
- Waterproof and smart display with LED lights
- The vacuum tube for the approved containers is included in the package

CLEANING & HYGIENE

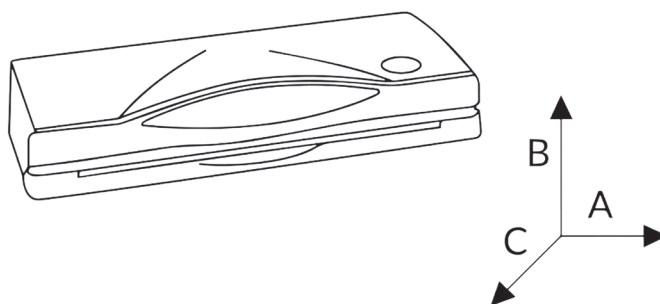

- The vacuum chamber with a tank allows collecting excess of liquid
- Lower part is completely removable and washable in the dishwasher

FEATURES OF CANISTER:

- Protective liquid suction lid (pump saver)
- Suitable for delicate washing without lid on the top dishwasher rack
- Suitable for microwave defrosting without lid
- Operating temperature: from -18°C to 100°C
